

Hotel Gräfrather Hof GmbH is the company that pools all of our catering and hotel activities.

The four-star Hotel Gräfrather Hof, with guest house attached, has over 60 hotel rooms in the standard and business categories as well as four luxuriously furnished suites. The portfolio of this first-class hotel is complemented by the FLORIAN restaurant, the “Bibliothek” conference room, accommodating up to 12 people, and the wellness and fitness area in the basement with its high-quality cardio equipment, two saunas, an “ice grotto” and a quiet room with both thermo-couches and massage rooms.

The three-star “Hotel zur Post”, which is located at the Gräfrather Markt, has 13 rooms and a restaurant for family celebrations and conferences for up to 60 people.

Hotel business is recruited on the local and international markets and it profits from the exhibition locations of Cologne and Düsseldorf as well as from the internationally known Solinger companies. Due to its versatile yet individual hotel portfolio and its location at the Gräfrather Markt, with its unique historic environment, it attracts not only business travellers coming to Solingen-Gräfrath but also conference guests and weekend travellers. Leisure and cultural activities in Solingen enjoy international prominence and offer a wide range of opportunities.

The “Gräfrather Klosterbräu” brewery, which is operated by the company, is located right in Solingen-Gräfrath. It features traditional regional cuisine and accommodates 120 people.

In January 2012, at an investment cost of 1.5 million Euros, the former auditorium of the city was able to be made accessible to the public once again. Thanks to its location, facilities and atmosphere, the “Klosterraum” hall, which is attached to the Gräfrather Klosterbräu, has room for up to 199 people and is ideal for family

celebrations, weddings, company events, cabaret theatre, sophisticated product presentations and a host of other events.

The catering brewery “Alt Ohligs”, which is also affiliated to the company, is located in the Solingen-Ohligs district. Their menu also features regional cuisine. The brewery also accommodates up to 120 people. The regular annual calendar of events makes it a popular and well-attended meeting place for young and old.

In accordance with the SILAG company philosophy, all business premises feature unique selling points that lead to a clear market advantage and thus have a positive influence on the price.

Accordingly, at each catering establishment in-house recipes are used to brew the beer. Most of the meat comes from our own production because we breed our own Galloway cattle. Collaborations of various different kinds are involved that guarantee optimal purchasing conditions and mean that we work with fresh products.

Future Perspectives regarding Expansion of the Hotel Portfolio

- Adding 22 hotel rooms in 2 construction areas
- Expansion of the conference capacities for up to 40 people
- Opening of a Mediterranean restaurant seating up to 40 people

We and our 70 motivated employees and apprentices live the philosophy of Hotel Gräfrather Hof GmbH: “Every guest of ours is a special guest and deserves the very best service.”
